For the last 30 years, Rowans Hospice has been there for the community and the community has been there for us. This has only been made possible through the kindness and generosity of our volunteers and supporters – to whom we are so incredibly grateful.

From the moment a person is diagnosed with a life-limiting illness and referred to Rowans Hospice, their journey of care begins with us. Time is spent getting to know them as an individual and listening to their hopes and fears, alongside their family or carers. They are given choices and asked where they would like to receive their care, either in their own home or within the Hospice's In-patient Unit.

It is these conversations that help us to shape all that we do thereafter to care for them and meet their specific needs and wishes. We know that every moment shared together are moments that matter – and we feel very privileged to play a part in helping to create cherished memories.

On behalf of Rowans Hospice, I would like to extend a heartfelt thank you for your generous donation of £226.00 in memory of Dave Thompson. Honouring the memory of a loved one by supporting our work is a very special way to remember them and celebrate their life.

Your support makes a huge difference to people across Portsmouth and the local surrounding area including Fareham, Gosport, Havant, Hayling Island and Waterlooville. Thanks to your donation, we are able to support those who are affected by a life-limiting and/or progressive illness and need Rowans' specialist Hospice care.

As a Charity, we would not be able to continue to provide the quality of care that we do without support such as yours, thank you. We are grateful to you for remembering us at what is a sad and difficult time following the loss of a loved one.

Once again, thank you for your generosity.

With warm thanks.
